

JOSH FOR ENTS

about me

- Former head boy (yeah, really.)
- Head of the prom committee
- Frequently found wondering what he's doing at the smoke shack
- World's biggest simp - so no sharking here

Events should be fun for everyone! Especially those who don't drink. I'll listen to what you want so ents is safe, inclusive and fun.

ents with Josh means

International events.

Food fairs! Music showcases!

It's time our community has the chance to make their own ents how they want them. I'll work with Homerton's societies to make sure this happens.

2020 Freshers week.

We will not go without a freshers week. We deserve one and we are owed one. This summer I will do everything I can to make sure this happens. I got nothing else to do :)

Student DJ and band nights.

The one time you're actually gonna get into a club because you 'know the DJ.' Nothing's more fun than getting bevvvy with your mates on the tunes. - Especially if they're actually good.

vote Izzy and Josh for ...

Eco Friendly Ents

We can have fun and not destroy the planet. I'm committed to working with organisers to make events environmentally conscious - even if you're unconscious by the end.

Bops for days

Bops should be fun. Bops should be frequent. Bops should be creative. Bops should be safe. Cambridge is bops and Homerton should be too.

Ents merch!

Freshers week t-shirts! Event wristbands! Lots of merch looks trash - but I only wear pure garms so be assured ents merch will make Homerton the flyest college around.

what else?

- Anti-formals
- Event rep scheme
- Homerton predrinks
- Creative non-drinking events!
