

NANCY TWIGG FOR GREEN OFFICER

Why me? It's in the name!

Vote for me as the first Green Officer for Homerton Union of Students if you want someone who is passionate about anything environmental. I pledge to make real steps towards promoting green practices, to the extent it becomes second nature.

I hope to revive our on-site greenhouse and make it a small haven, to lessen stress, worries and exhaustion. Being in nature has proven benefits for our mental health, and this is a fact I want to keep in the forefront of my mind during my year as Green Officer.
